

# AAA Kenya Office Activities

Our organization offers three key programs to support refugees, asylum seekers, and local communities: Social Entrepreneurship, Peace Building and Conflict Management, and Mental Health and Psychosocial Support.

# Social Entrepreneurship Program

## Target Audience

Refugee businessmen and women, both seasoned entrepreneurs and aspiring business owners.

## Micro Lending

Provides seed money on a revolving basis to start or expand businesses.

# Social Entrepreneurship Program Activities

1

## Seed Money Disbursement

Offers financial support to qualified refugees for business initiatives.

2

## Repayment Structure

Ensures seed money is returned with small interest within designated timeframe.

3

## Sustainable Funding

Manages revolving fund to support new and existing refugee entrepreneurs.

# Peace Building and Conflict Management Program

## Target Audience

Focuses on refugees, asylum seekers, and Kenyan youth.

## Partnership

Operates with the backing of GIZ CPS SIF Kenya.

# Peace Building Program Activities

## Conflict Resolution Training

Provides education on conflict analysis, resolution, and mediation.

## Community Impact

Equips participants with skills to actively contribute to peace.

## Community Cohesion

Enhances understanding and application of conflict management skills.

# Mental Health and Psychosocial Support (MHPSS) Program

## Collaborative Partnerships

Works with UNHCR, refugee implementing partners, and Ministry of Health - Kenya.

## Focus Groups

Targets refugees, internally displaced persons (IDPs), and Kenyan youth.

## Key Areas

Emphasizes mental health, well-being, and self-care.

# MHPSS Program Activities

1

## Mental Health Promotion

Supports initiatives to enhance awareness of mental health and psychosocial well-being.

2

## Well-being and Self-Care Advocacy

Implements programs to improve personal well-being and self-care practices.

3

## Service Integration

Integrates mental health services into broader health initiatives for comprehensive care.

# Program Goals and Impact
